National Health, Widows', Orphans' and Old Age Pensions, Insurance of Officers of the Reserve and Auxiliary Forces and Officers holding Emergency Commissions, and Officers of the Auxiliary Territorial Service and Voluntary Aid Detachments.

93
5223

1. With reference to Army Order 252 of 1939, dealing with the position under the National Health Insurance and Contributory Pensions Acts of Officers of the Reserve and Auxiliary Forces, officers granted emergency commissions, retired officers re-engaged for service, and officers of the A.T.S. and V.A.Ds., attention is directed to section C, para. 1 thereof which provides that such

officers shall themselves be responsible for establishing the fact that they were insured immediately before the beginning of their emergency commissioned service (and consequently insurable under the terms of that Army Order). A.O. 45
1941
continued

2. (1) It is pointed out that any officers, who have been granted emergency commissions after beginning their war service in the ranks, will have been compulsorily insurable under the National Health Insurance and Contributory Pensions Acts during that service in the ranks irrespective of whether they were insured or not in civil life immediately before the beginning of their army service. By virtue of the National Health Insurance (Reserve Forces) Amendment Regulations, 1941 and the National Health Insurance (Navy, Army and Air Force Auxiliary Services) Amendment Regulations, 1941, however, officers in any of the foregoing categories who have already been granted emergency commissions from the ranks or who are granted such commissions on or after the date on which these regulations come into force (the date being the same for both Regulations, *viz.*, 24th March, 1941), and who were not insured under the above Acts immediately before their present war service in the ranks, will now be given the option of discontinuing their insurance.

(2) In the case of officers already commissioned this option must be exercised:—

- (a) in the United Kingdom within two months of the date of this Army Order, or
- (b) in a command overseas, within two months of the receipt of this Army Order.

(3) In the case of officers commissioned subsequent to 24th March, 1941, such officers must exercise the option within two months of being so commissioned.

3. In the absence of a contracting out notification within the period allowed, officers will remain compulsorily insured for the duration of

Army Orders.—March, 1941

A.O. 45 their war commissioned service. An option will
1941 not become operative until the Ministry of Health
continued have assured themselves that the officer seeking to
 exercise it is eligible to do so, and have notified
 the appropriate paymaster or army agent accord-
 ingly. If approved, the option will have effect
 as under:—

- (1) In the case of an officer already commis-
 sioned at the date when the Regulations
 referred to in para. 2 (1) above come into
 force, *viz.*, 24th March, 1941, with effect
 from that date.
- (2) In the case of an officer commissioned sub-
 sequent to 24th March, 1941, with effect
 from the date of being so commissioned.

In either case the option, once notified by the
 officer's signed declaration and confirmed by the
 Ministry of Health, will not be revocable. As
 contributions already made by an officer who
 contracts out will have been legally and properly
 payable, no refund in respect of such contributions
 will be admissible.

4. As it has been ascertained that contributions
 are at present being paid in respect of only a small
 percentage of the number of officers believed to be
 insurable during war service, it is emphasized that
 failure to disclose previous insurance will adversely
 affect entitlement to maternity benefit during
 such service and to general health and pensions
 benefits thereafter. Moreover, in the case of an
 officer who is legally insurable during war service,
 continued failure to report the particulars of civil
 insurance will render him liable to pay arrears of
 contributions in respect of such period of war
 service when his liability to be insured is ultimately
 established.

5. In order (1) to provide for the exercise of the
 option referred to in para. 2 above on the part
 of officers affected thereby and (2) to rectify the
 position in respect of officers insurable during war

commissioned service (including those not exercising the above option to contract out of insurance) for whom insurance contributions have not so far been paid, it has been decided that all commanding officers shall on receipt of this Army Order prepare a nominal roll of all officers of the categories mentioned in para. 1, who are at present serving in their unit, stating in each case whether the individual officer was or was not insured to any extent under the National Health Insurance or Contributory Pensions Acts (whether by reason of service in the ranks or otherwise) immediately before the beginning of war service as an officer. In every case where there was such previous insurance the officer should be required to complete, as appropriate, the form of particulars set out in the Appendix attached to this Army Order.

A.O. 45
1941

continued

It will be the responsibility of every commanding officer to ensure that the nominal rolls, together with the relative completed forms, are forwarded to the Ministry of Health, Insurance Department, Blackpool, Lancashire, within two months of the receipt of this Army Order.

6. All officers in the above categories called into service after the date of this Army Order who were previously insured to any extent under the National Health Insurance or Contributory Pensions Acts (whether by reason of service in the ranks or otherwise) should also complete the form of particulars set out in the Appendix to this Army Order within two months of the granting of their commission, and commanding officers should forward such forms to the Ministry of Health at the address stated in para. 5 above, without delay. Instructions regarding deductions from pay, where appropriate, will be given to the army agents or command paymasters by the Ministry of Health on receipt of the completed form. It will no longer be necessary for commanding officers to complete copies of A.F. O 1847 in the case of officers who are insurable during war commissioned service and para. A. 2 (a) of Army Order 252 of 1939, may accordingly be regarded as deleted.

SCHEDULE.

PART I.

For the duration of the present war, restrictions of cash issues to soldiers whose pay accounts are in debt, or who are liable to deductions from pay to meet public charges or payments to families or dependants, shall be governed by the following rules :—

Soldiers other than boys and non-Europeans.

1. In the case of a soldier subject to deductions under Sections 138 (8) and 145 of the Army Act, his pay shall be appropriated to the extent stated in the Pay Warrant, 1940, Appendix V, Part IV, Para. 1, and further concurrent deductions from his pay may be made in respect of qualifying or contributory allotments payable with Family or Dependants' Allowances, provided that he is left with 6*d.* a day (or 4*d.* a day in the case of Maltese soldiers). Should he incur further charges either through his own misconduct by forfeiture of pay under the provisions of the Pay Warrant, 1940, Articles 942, 945, 947 or 948, or by incurring stoppages due to the public (*e.g.* for loss or destruction of clothing or equipment) issues of pay can be further restricted provided always, however, that he is left with a residue of 1*d.* a day.

2. In the case of a soldier who is not subject to deductions under Sections 138 (8) and 145 of the Army Act, but is in debt either through his own misconduct or by incurring stoppages due to the public, as in para. 1 above, issues of pay shall be restricted provided he is left with a residue of 7*d.* a day.

3. In the case of a soldier whose account is in debt through no fault of his own (*e.g.* by excessive issues of pay accepted in good faith) issues of pay shall be restricted provided he is left with a residue of 1*s.* a day (or 10*d.* a day in the case of Maltese soldiers). In such cases should he incur further debts through his own misconduct, etc., as in para. 2 above, issues of pay shall be further restricted provided, however, he is left with a residue of 7*d.* a day.

4. In the case of a soldier who voluntarily allots an amount which entails taking part of the War pay admissible under Army Order 161 of 1940 and whose account becomes in debt through no fault of his own, as in para. 3 above, issues of pay shall be restricted provided he is left with a residue of 6*d.* a day (4*d.* a day in the case of Maltese soldiers), in addition to the unallotted balance of his War pay. Should he incur further debts, through his own misconduct, etc., as in para. 2 above, issues of pay shall be further restricted provided he is left with a residue of 7*d.* a day (5*d.* a day in the case of Maltese soldiers).

Boys and non-Europeans.

5. In the case of a boy or a non-European who is in debt for any reason, issues of pay shall be restricted at the discretion of his O.C., having regard to the provisions laid down for men in the foregoing paras., provided he is left with a residue of at least 1*d.* a day (or its equivalent, in the case of a non-European soldier, in the currency in which he is paid).

PART II.

Pay Warrant, 1940. Amendments No. 36.

Suspend Article 952 and Army Council's instructions thereto.

Army Council's instructions to Part I of the Schedule

1. For the purpose of this Warrant the expression "pay" means the pay, including increases (if any) after specified periods, War pay issuable under Army Order 161 of 1940, proficiency pay, long service and good conduct pay, to which the soldier is entitled by reason of his rank, appointment or trade classification, but not additional emoluments that may be drawn casually.

2. All issues of cash in excess of the amounts specified in the foregoing schedule will be regulated by the O.C. unit having regard to the state of the soldier's account as reported to him from time to time by the army paymaster, and to any charges against him in respect of regimental or public stoppages, which the O.C. unit is obliged to adjust as soon as they become known to him.

By Command of the Army Council.

WHEREAS provision was made for the introduction of war time proficiency pay by Our Warrants dated 20th September, 1939* and 27th November, 1939†, and whereas soldiers of Our Territorial Army enlisted before 26th October, 1925, were granted opportunities under Our Warrant dated 9th March, 1938‡ and 18th July, 1940§, to elect to be paid under the scale applicable to soldiers enlisted on or after 26th October, 1925:

A.O. 67
1941

AND WHEREAS WE deem it expedient to renew the opportunities of election granted under Our Warrants of 9th March, 1938‡ and 18th July, 1940§, to such soldiers in view of misunderstandings which have arisen as to their ineligibility on embodiment for the grant of proficiency pay which was formerly issuable to them in peace time;

OUR WILL AND PLEASURE IS that, where the rates of pay, proficiency pay and long service and good conduct pay applicable under the scale laid

down for soldiers enlisted on or after 26th October, 1925, would be more beneficial than the rates of pay applicable under the scales for soldiers enlisted before that date, a soldier of Our Territorial Army in receipt of the latter scale may elect to be paid under the more beneficial scale, provided that such election be made within three months of the date of promulgation of this Our Warrant, and that the election once made shall be final and shall take effect as from 3rd March, 1940.

Given at Our Court at St. James's this
8th day of May, 1941, in the 5th year
of Our Reign.

By His Majesty's Command,

DAVID MARGESSON.

Army Council's instructions on the foregoing Warrant

1. Soldiers who have served continuously from a date before 26th October, 1925, on normal Territorial Army engagements, and are in receipt of pay on the pre-1925 scale, have only been eligible to continue in receipt of, or to be awarded, proficiency pay on or after embodiment during the present war if in possession of an Army 2nd Class Certificate of Education, and have not been eligible for the award of war time proficiency pay introduced under the provisions of Army Orders 175 and 229 of 1939.

2. It has come to notice that the modified conditions governing the issue of pay and proficiency pay to personnel of the Territorial Army on and after embodiment have not been appreciated in many cases, and that in consequence the option, to come on to the post-1925 pay scale, provided in the Royal Warrant published as Army Order 113 of 1940 was not exercised within the prescribed period permitted under that Army Order.

3. It has been decided therefore that any embodied Territorial Army soldiers at present in receipt of the pre-1925 scale of pay for whom the post-1925 scale of pay (including war time proficiency pay, special proficiency pay and long service and good conduct pay) may be more beneficial, shall be allowed a further option to come on to the latter scale of pay.

4. In any case where a soldier elects to come on to the post-1925 scale of pay under the provisions of this Army Order, he cannot be allowed at any later stage in his army career to revert to the pre-1925 scale of pay.

5. Soldiers who elect to come on to post-1925 rates of pay will be required to sign a certificate as follows :—

"I wish, with effect from 3rd March, 1940, to come on to post-1925 rates of pay. I understand that, when I have done so, I shall not subsequently, at any stage in my army service, be allowed to revert to pre-1925 rates of pay, and I agree that the conditions applicable to increments of pay, proficiency pay, etc., under the post-1925 code shall apply to me."

6. The effective date for the change in the emoluments of soldiers electing to be paid at post-1925 rates of pay will be 3rd March, 1940, and any initial assessments of war proficiency pay, special proficiency pay, or long service and good conduct pay for which a soldier electing to be paid the post-1925 scale of pay may be otherwise eligible on 3rd March, 1940, may, in the event of an election to come on the post-1925 scale of pay, be antedated by the officer commanding the unit concerned to that date.

A.O. 76

1941

continued

7. The option under this Army Order to change from pre-1925 to post-1925 rates of pay will remain open only until three months from the date of the promulgation of this Army Order in the command.

SCHEDULE

A.O. 68

1941

continued

1. *Definitions.*—For the purpose of these instructions, the expression “standard rates” refers to the rates of family lodging allowance admissible under the provisions of para. 3 (i) of the Schedule to Army Order 171 of 1939; and the expression “special rates” to the rates of family lodging allowance in para. 2 below.

The special rates have been assessed to bear generally a more suitable relationship to the local married rates of lodging, fuel, and light and furniture allowances than do the standard rates.

The conditions of admissibility of the special rates will be generally the same as those in Army Order 171 of 1939, as currently amended, governing issues of the standard rates; but will be subject to the following special conditions of issue.

2. *Special rates of family lodging allowance.*—Family lodging allowance will be admissible, subject to these instructions, at the rates tabulated below—

Area	Class 4 and above	Classes 5 and 6	Classes 7, 8 and 9

* These rates are effective from the first day of the month following the receipt of this Army Order in the command in which an officer is situated.

3. *Exceptions and limitations.*—

A.O. 68
1941
continued

(1) The special rates of family lodging allowance are not applicable to:—

- (a) Married officers under 30 years of age.
- (b) Officers whose families have been left in India or Burma.
- (c) Officers who have been, or may be, commissioned for service with certain locally raised units or otherwise on conditions which provide for the issue of family lodging allowance at rates differing from those ordinarily issuable.

(2) (a) Officers whose families proceeded after 1st November, 1939, without authority and contrary to War Office instructions governing movements of families, to overseas stations other than India, Ceylon, Bermuda, Trinidad, Burma, Mauritius, Jamaica or St. Helena or who proceeded from India to Egypt after 8th March, 1940, will receive the standard rates, or the special rate for the area to which the family proceeded, or may subsequently proceed, whichever is the lower. If they are subsequently evacuated under War Office instructions to an area to which special rates apply, the standard rate, or the special rates applicable to the reception area, whichever is the lower, will be admissible.

(b) Officers whose families proceeded after 1st November, 1939, to Ceylon, Bermuda, Mauritius, or Jamaica will receive the special rates from a date not earlier than 21st August, 1940, except where these are lower than the standard rates, in which case the special rates will be admissible from the date referred to in the footnote to para. 2 above.

4. *Conditions of admissibility of special rates.*—
Except (a) as provided in para. 3 above, and (b) in cases where an officer's family remain in occupation

A.O. 68

1941

of lodgings after separation (in which case the provisions of para. 8 of the Schedule to Army Order 171 of 1939 apply) the special rates appropriate to an area mentioned in para. 2 above will be admissible in lieu of the standard rates when the officer becomes separated from his family by reason of a duty move, only for so long as the family remains in the area. In the event of a move of the family under the instructions of the War Office, as part of an evacuation scheme, the rates of family lodging allowance applicable to the reception area to which the family is evacuated (whether the standard or special rates), will be issuable with effect from the date of arrival.

5. An officer whose family is compelled on medical grounds, duly certified, to remain in an area from which evacuation is ordered by the War Office, may continue to receive the rate appropriate to that area, until the family is certified as fit to proceed to the reception area, and arrangements for the journey can be made. In the event of the family then declining to proceed to, or remain in, the official reception area, admissibility of the standard rates or special rates for the area in which the family remain will be governed by para. 6 (2) below, with effect from the date of the occurrence of the first opportunity for evacuation after the certificate of fitness has been given.

6. *Voluntary moves of families—*

- (1) An officer whose family moves voluntarily away from an area named in para. 2 above, whether to another area named therein or elsewhere, will receive the standard rate, or the special rate for the area to which the family proceeds, whichever is the lower, with effect from the date of leaving the area.
- (2) An officer whose family, having been ordered to be evacuated under War Office instructions from an area and whose family—
 - (a) declines to proceed to, or remain in, the reception area to which families are evacuated; or
 - (b) proceeds elsewhere,

will receive the standard rates, or the special rates for the area in which the family remains, or to which it proceeds whichever is the lower, with effect, in the case of (a) above, from the date on which the official evacuation is carried out, and in the case of (b) from the date of leaving the area.

A.O. 68

1941

continued

7. *Officers residing at overseas stations*—Except as provided in para. 3 above, a married officer 30 years of age or over who,

- (i) receives an emergency commission or
- (ii) belongs to the Regular Army Reserve of Officers, Supplementary Reserve or Territorial Army Reserve of Officers, and is called out for service, or
- (iii) who is restored to full pay from the half pay list,

while domiciled with his family in an area named in para. 2 above may, if he becomes entitled to family lodging allowance, receive it (subject to the usual conditions of admissibility), at the special rate for the area while his family remains therein, even though he may have been ordered away from the area. In the event of the family leaving the area in which it was domiciled, and proceeding elsewhere (other than to a reception area to which evacuation is ordered by the War Office) or having been ordered to be evacuated under War Office instructions, declines to proceed to, or remain in the reception area to which families are evacuated, the standard rates, or the special rates for the area in which it remains or to which it proceeds, whichever is the lower, will be admissible as in para. 6 (2) above.

Army Council's instructions

1. Immediately an officer stationed in one of the areas referred to in para. 2 of the Schedule to this Army Order becomes separated from his family in circumstances entitling him to receive family lodging allowance the fact will be notified in Part II Orders (Officers), by the unit. The notification will state whether the family is one referred to in para. 3 (2) (a), 3 (2) (b), or 4 of the Schedule to this Army Order. The paymaster concerned will adjust allowances on receipt of this information.

A.O. 68**1941***continued*

2. A duplicate of the Part II Orders (Officers) will be sent to the headquarters of the command in which the family continues to reside and that headquarters will then become responsible for notifying the paymaster issuing the allowances immediately any change occurs in the situation of the family. In any case a telegraphic report will be made each month to the paymaster concerned, on the first day of the month showing the names of the officers whose families are at that date entitled to receive the special rates. Notification of the change of address of a family which leaves the area will always state the reason for the move, the destination to which the family proceeds, whether the move is officially ordered by the War Office, or whether it has been privately arranged, and the paymaster responsible for issuing the allowances. A copy of the notification will also be forwarded to the headquarters of the command to which the family proceeds and responsibility will thereafter devolve upon that headquarters for the rendering of subsequent telegraphic reports as required by this paragraph.

3. In any case of separation caused by duty moves of an officer occurring on or after 27th August, 1939, adjustment will be made as follows under the provisions of this Army Order.

(Where the special rates are lower than the standard rates, the special rates will not take effect, in any case requiring retrospective adjustment, from a date before that on which they are introduced (*see* footnote to para. 2 of the Schedule to this Army Order).)

- (1) Where the officer and his family although separated, continue to live in the area, units or formations will render to the paymaster concerned a nominal roll showing the names of the officers concerned and the dates with effect from which the special rates are admissible.
- (2) Where the officer has left the area, but his family continue to reside therein, the information referred to in sub-para. (1) above will be supplied to the paymaster concerned by the Officer Commanding the rear party or unit to which the family is attached.
- (3) Where both the officer and his family have left the area claims will be submitted by the officer concerned through the usual channels to the headquarters of the area in respect of which he claims to be entitled to the special rates. After verification, the particulars of the claim will be forwarded by the headquarters to the paymaster concerned.

A.O. 89
1941

OUR WILL AND PLEASURE IS that, with effect from the date of this Our Warrant, the issue of working pay to officers and soldiers, provided for in Our Warrant for the Pay, Appointment, Promotion and Non-Effective Pay of Our Army dated 29th February, 1940, shall be held in abeyance for the period of the present war.

Given at Our Court at St. James's, this 9th day of June, 1941, in the 5th year of Our Reign.

By His Majesty's Command,

1. *The rank of Junior Commander.*—To avoid any misunderstanding, it should be noted that the titles of rank referred to in Army Order 71 of 1941, are the new titles introduced for the Auxiliary Territorial Service by A.C.I. 981 of 1941, and in particular that the title of junior commander refers to the rank hitherto known as company commander (ranking with captain). The former junior commander becomes subaltern (ranking with lieutenant), and the former company assistant becomes 2nd subaltern (ranking with 2nd lieutenant). **A.O. 94
1941**

2. *Promotion of 2nd Subaltern.*—(a) The promotion of 2nd subaltern to the rank of subaltern after a period of service as laid down in Army Order 71 of 1941, paragraph 2, will be to war substantive rank, and the acting or temporary promotion by establishment hitherto in operation will cease. A 2nd subaltern who fills a vacancy on the establishment as subaltern (formerly junior commander) will not in future be eligible to hold the higher rank unless qualified under the terms of the aforementioned Army Order.

(b) Officers who have been promoted to the acting or temporary rank of junior commander (now subaltern) before the date of Army Order 71 of 1941, in a vacancy on the establishment and who are not yet qualified for promotion to war substantive subaltern under that Army Order, will be allowed, pending revision of the establishment, to retain the acting or temporary rank of subaltern while they continue in the same post, but will be replaced, when practicable, by war substantive subalterns and will then relinquish the acting or temporary rank.

A.O. 94 (c) The ranks of subaltern and 2nd subaltern will
1941 not in future normally be shown separately in War
continued Establishments, and existing establishments will be
 amended in due course. In the meantime, where
 establishments provide separately for junior com-
 mander (now subaltern) and company assistant
 (now 2nd subaltern), these posts will, as far as
 possible, be filled by officers of the specified ranks
 (substantive or war substantive), but no fresh
 acting or temporary promotion will be given if a
 2nd subaltern is posted to a vacancy for subaltern.

A.O. 127

9. *Death of Officer.*

1941

continued

(a) (i) In the event of the death of an officer who has not first been reported to be missing,* any allowance or allowances which were issuable to him in respect of his family under the provisions of these instructions will continue to be admissible (subject to such reduction as may arise under (d) below) until expiry of a period of 91 days from the date on which notification of his death is sent to his relatives, or, in a case where such notification is not considered to be necessary, for a period of 91 days from the date of his death, subject however to the provisions of para. 9A regarding earlier termination of the allowance or allowances. Except as provided in (ii) below, the rate will be that issuable immediately before the officer's death.

(ii) If a family which was occupying married quarters vacates them during the period referred to in (i) above, family lodging allowance, instead of the allowances previously in issue will be admissible for the remainder of the period. If married rates of colonial or dominion allowance were in issue at the date of death the difference between married and single rates will be continued in addition while the family remains at the station for so long as family lodging allowance is in issue.

(b) During the period of admissibility of an allowance or allowances under (a) above, a supplementary allowance will be admissible (subject to such reduction as may arise under (d) below), at a weekly rate equal to two days' pay at the rate last issuable to the officer, the rate of pay last issuable being reckoned as provided in (c) below.

(c) (i) For the purpose of (b) above, the rate of pay last issuable to the officer will be regimental pay plus any corps pay, engineer pay, signal pay and qualification pay (but not staff pay, command pay or any other form of additional pay) which was last issuable. In a case where an officer would have been in receipt of corps, engineer, signal or qualification pay but for the fact that he was in receipt of staff pay, such corps, engineer, signal or qualification pay will be assumed, for this purpose, to have been issuable.

* *Army Council's note*:—The rates and conditions of issue of allowances in respect of the families of officers who have been reported to be missing are laid down in Army Order 71 of 1940.

(ii) In the case of a retired officer who was re-employed or recalled to service, regimental pay, for the purpose of (i) above, will include, in addition to the regimental and other pay admissible thereunder, any addition to which the officer was entitled under the Pay Warrant, 1940, Article 496, sub-para. (b) or (e), less any deduction for which he was liable under sub-para. (c) of that Article. It will exclude any pension or retired pay which remained in issue to him in accordance with sub-para. (d), (e) and (f) of the Article.

A.O. 127
1941
continued

(iii) If the officer had elected to be paid under the Pay Warrant, 1940, Article 496, sub-para. (g) and was in fact so paid at the date of his death, the rate of pay last issuable will, for the purpose of (b) above, be reckoned to be the rate of pay last actually issuable under the provisions of Article 496, sub-para. (g), excluding, in cases governed by sub-para. (h) of that Article, any disability element of retired pay or pension.

(d) The amount of any allowances due, under (a) to (c) above, in respect of the period from the day following the date of an officer's death to the day preceding the date on which notification of his death is sent to his relatives will be abated by the amount of any pay and/or allowances over-issued to his account for any period after the date of his death. Allowances due under (a) to (c) above, from the date on which notification of his death is sent to his relatives will not however be subject to any abatement in respect of pay and/or allowances over-issued to the officer's account after the date of his death.

(e) In the case of an officer who provided financially for the maintenance of his wife, allowances admissible under (a) to (d) above will be payable to his widow, except as provided in para. 9A (c). In the case of an officer who was a widower or divorced or who did not provide financially for the maintenance of his wife, allowances will be payable to such person or persons as he may have nominated (in such manner as may be prescribed by the Army Council) for this purpose, or, if he has not so nominated a person or persons to receive the allowances, to such person or persons as the Army Council may decide.

A.O. 127**1941***continued***9A. Cessation of allowances issuable after death of officer.**

Allowances issuable under para. 9 will cease before the expiry of the period of entitlement specified therein, in the following circumstances:—

- (a) If, while the allowances are in issue to an officer's widow, she re-marries, they will not be admissible after the end of the calendar month in which the re-marriage occurs, nor will they then continue to be issuable in respect of any child or children.
- (b) When the allowances are payable to a nominee other than the officer's widow:—
 - (i) They will not be admissible after the end of the calendar month in which a daughter becomes married, if there is no son or other unmarried daughter who is qualified to be regarded as a member of the officer's family. They will not cease as the result of the marriage of the officer's nominee, unless the nominee is a daughter whose marriage involves cessation of the allowances as provided above.
 - (ii) The admissibility and rate of the allowances will not be affected by the marriage of a daughter when there is any other child qualified to be regarded as a member of the officer's family.
- (c) If the allowances are payable to an officer's widow, they will cease to be admissible after the end of the calendar month in which her death occurs, unless there is a child qualified to be regarded as a member of the officer's family. If there is a child so qualified, the allowances will remain in issue for the unexpired portion of the period of admissibility specified in para. 9, but they will be issued to such person or persons as the Army Council may decide.
- (d) When the allowances are payable to a nominee other than the officer's widow:—
 - (i) Unless there is another child qualified to be regarded as a member of the officer's family, they will cease to be admissible after the end of the calendar

month in which the death of a child A.O. 127
occurs. If there is another child so 1941
qualified, the allowances will remain *continued*
in issue for the unexpired portion of
the period of admissibility specified in
para. 9. The allowances will not cease
to be admissible as the result of the
death of the nominee unless the
nominee is a child whose death involves
cessation of the allowances as provided
above.

- (ii) When there is any other child qualified
to be regarded as a member of the
officer's family, the rate of the allow-
ances will not be affected by the death
of a child.

In no circumstances will allowances issuable under
para. 9 be admissible after expiry of 91 days from
the date (as specified in para. 9 (a) (i)) from which
the allowances became admissible.

Army Council's instructions

The following amendments will be made to the
Army Council's instructions appended to Army
Order 171 of 1939:—

Para. 11.

Line 2. For "para. 9" substitute "paras. 9
and 9A."

Add at end of para. :—

In a case under para. 9(a) of the Schedule, if the amount of the
allowance due under paras. 9(a) to (c), in respect of the period
from the day following the date of the officer's death to the day
preceding the date on which notification of his death is sent to
his relatives is insufficient to meet the amount of pay and/or
allowances over-issued to the officer's account beyond the date of
his death, no payment will be made under paras. 9(a) to (c) of
the Schedule for such period, but the amount due will be
credited to "Effects". If the amount due under paras. 9(a)
to (c) for the period is greater than the amount of pay and/or
allowances over-issued to the officer's account beyond the date of
his death an amount equal to the over-issue will be withheld
and credited to "Effects", the balance being paid to the widow
or nominee.

SPECIAL ARMY ORDER

ASTON, L. 10000
BLEN, P. 10000

THE WAR OFFICE,
22nd September, 1941

Officers' and Serjeants' Messes formed during an Emergency—Initial Grants.

103
Infantry
3002

1. Revised initial grants for Officers' and Serjeants' Messes under the provisions of Army Orders 162 and 168 of 1939 and 17 of 1940 will be issued for new messes formed on or after 1st July, 1941. These messes will be divided into two categories:—

**A.O 152
1941**

- (a) Static unit messes,
- (b) Non-static unit messes.

2. (a) Static unit messes are those messes of headquarters, schools, units, formations or establishments, located at a permanent site, which are unlikely under normal conditions to be moved for training or operational purposes. A.D.G.B. messes will be included in this category though there may be exceptional circumstances which would require certain A.D.G.B. messes to be dealt with under (b) of this paragraph.

(b) Non-static unit messes are those not included in 2. (a).

Classifications under heads (a) and (b) above will be in accordance with that adopted for furnishing under the provisions of A.C.I. 1748 of 1941. Cases of doubt will be referred to the G.O.C. for decision.

3. The grants issuable to new static messes formed on and after 1st July, 1941, will be at the following rates:—

			<i>s.</i>	<i>d.</i>
Officers' Messes	...	...	17	6 a head.
Serjeants' Messes	...	...	5	0 a head.

A.O. 152 These grants are intended for the initial purchase of cutlery and napery for officers' messes, and napery only for serjeants' messes.

continued

Additional articles considered essential for static messes will be issued as laid down in War Accommodation Schedules, as amended and notified in A.C.I. 1748 of 1941.

4. The grants issuable to non-static messes formed on and after 1st July, 1941, will be at the following rates:—

		£	s.	d.	
Officers' Messes ...	...	2	2	6	a head.
Serjeants' Messes ...	...	1	10	0	a head.

These grants are intended for the purchase of articles essential for the formation of a field mess, including in both cases crockery and glassware (or substitutes), kitchen utensils and equipment and napery. Officers' messes are entitled, in addition, to purchase cutlery.

5. Static units, issued with the limited grants authorized at para. 3 above, which are subsequently allotted an operational rôle, will be entitled to an additional grant as follows:—

		£	s.	d.	
Officers' Messes ...	...	1	5	0	a head.
Serjeants' Messes ...	...	1	5	0	a head.

These additional grants are to cover the provision of crockery and glassware (or substitutes) and kitchen utensils and equipment necessary for a field mess.

6. The articles purchased out of the grants will be maintained at the expense of the mess.

7. From 1st July, 1941, further grants will not be issuable under the provisions of para. 1 of Army Order 162 of 1939, and grants under paras. 3, 4 and 5 above will not be issuable to messes formed before 1st July, 1941. Any non-static messes, however, formed on or after 1st July, 1941, which have received a grant under the terms of Army Orders 162 and 168 of 1939 and 17 of 1940 before the receipt of this Army Order,

may submit a supplementary claim in respect A.O. 152
of the difference between the amount already 1941
received and that issuable under para. 4 above. *continued*

Equipment of static messes, formed on and after 1st July, 1941 which have received a grant under Army Orders 162 and 168 of 1939 and 17 of 1940 will be adjusted in accordance with A.C.I. 1748 of 1941.

8. Grants will be claimed on A.F. N 1470 from the Command Paymaster. Applications under para. 3 will be accompanied by a certificate to the effect that (a) an issue in kind of equipment intended to be covered by the grant has not been made under any other authority, (b) the messes are (or are being) equipped in accordance with the War Accommodation Schedules applicable to static units, and (c) initial grants under Army Orders 162 of 1939 and 17 of 1940 have not already been drawn. Certificates (a) and (b) will be countersigned by the Officer i/c Barracks, or the A.D.O.S. of the Area in cases where accommodation stores are held on unit ledger charge.

Applications under para. 5 will be accompanied by a certificate that (a) the messes equipped under War Accommodation Schedules applicable to static units have been, or are being, vacated, (b) initial grants under Army Orders 162 of 1939 and 17 of 1940 have not already been drawn, and (c) a field mess has necessarily been, or is necessarily being, equipped.

Certificate (a) will be countersigned by the Officer i/c Barracks.

A.O. 209
1941

1. The rates and conditions of payment of subsistence allowance for civilian non-industrial staffs have been reviewed and it has been decided, as a war-time measure, to reduce the present number of classes for subsistence allowance from eight to four and to replace the existing standard and apartment rates by new "short-term" and "long-term" rates. It has also been decided that all officials who are entitled to Class A allowances shall be granted 1st class travel by rail.

2. The revised rates and conditions are shown in the appendix to this Army Order as Amendments (No. 7) to Travelling Regulations for Civilians, 1939, and they will be effective from 17th December, 1941. Any person receiving subsistence allowance under the old code will be granted from that date the rate of allowance which would have been in issue if the revised rates and conditions had been in operation at the beginning of the temporary duty; allowances for three nights as prescribed in para. 42 (c) being paid where circumstances justify this.

Notes.—(a) Established officials whose scales are based on London rates, subject to provincial differentiation, receive the same subsistence classification as those on corresponding London scales. Women receive the classification appropriate to the corresponding scale for men.

(b) Temporary salaried officials who are filling posts normally held by established officials may be granted subsistence allowance at the rates applicable to analogous established grades, subject to prior authority being obtained from the War Office (C.4, C.5 or C.6). In other cases the subsistence class will be determined by the salary received.

Conditions of issue of the several Rates.

41. Short-term rates.—(a) These will be payable in all cases where the stay at the temporary duty station is for less than 12 nights and also for any longer period, up to a maximum of 28 nights from the beginning of the stay, in cases where detention beyond 11 nights is not foreseen and the official concerned is not notified in accordance with para. 42 that long-term rates are payable.

(b) When short-term rates are claimed for 12 nights or more in one place, the official responsible for authorizing the temporary duty will countersign the claim and state thereon the reason for the extended payment of short-term rates.

(c) Short-term rates will not be paid for more than four weeks in one place unless War Office authority for their payment is obtained and this will be given in exceptional cases only. Reference to the War Office (Q.M.G.F.) will be made before the expiration of four weeks and a full statement will be given of the circumstances of the case, including details of the expenses on lodging and subsistence being incurred by the individual concerned.

(d) Lodging allowance under the conditions of para. 43 will be paid after the expiration of 28 nights' stay in one place unless prior War Office authority is obtained under (c) above for the extension of short-term rates.

42. Long-term rates.—(a) These will be payable when an official visits a temporary duty station for a period of 12 nights or more and he has been informed that his stay there (or further stay when the notification has been made after the beginning of the visit) will be for at least 12 nights.

(b) The official responsible for authorizing the temporary detached duty will notify the person who performs the duty whether this will exceed 11 nights in one place, and if so, that the long-term rates will be applicable. This notification will, whenever possible, be made before the temporary duty begins, or, where this is impracticable, as soon after as possible.

Week-end visits to home or headquarters will not be regarded as breaking the continuity of the stay for the purpose of deciding whether short-term or long-term rates are applicable.

(c) When the payment of short-term rates precedes long-term rates as a result of delayed notification under (b) above, the period during which short-term rates were paid will be regarded as having been at long-term rates for the purpose of assessment of the long-term rate payable, but the appropriate short-term rate will be continued for three nights following the date of receipt of notification that the visit will last for at least a further 12 nights.

(d) Long-term rates will be paid in all cases of duration of war or long-term transfer to towns where billeting is not in operation.

43. Lodging Allowance.—(a) When an official on temporary detached duty stays in one place for more than 28 nights, the nightly rates of subsistence allowance will be payable for the first 28 nights, and thereafter weekly lodging allowance within the appropriate maximum rate laid down in para. 40 under the conditions of this paragraph.

(b) (i) A married man, or an official with responsibilities equivalent to those of a married man, will be paid lodging allowance so long as he maintains his family elsewhere than at the temporary duty station. A married woman will not be eligible for lodging allowance at the married rate unless she has responsibilities equivalent to those of a married man.

(ii) When an official's family rejoins him at the temporary station within the first 28 nights, subsistence allowance will continue to be paid up to the end of that period, but thereafter, or from the date the family rejoins if later, an allowance in respect of unavoidable continuing rent commitments at the permanent station, and/or excess rent at the temporary station, will be payable; lodging allowance will not be payable in addition. The rent allowance will be calculated on the basis laid down in A.C.I.'s regarding war-time transfers.

(c) An unmarried official (other than one who has responsibilities equivalent to those of a married man) may be paid a weekly allowance in respect of net extra expense within the appropriate maximum unmarried rate laid down in para. 40. Payments will be made on a certificate showing cost of full board and lodging at the permanent and temporary stations. If he has a continuing and unavoidable

commitment in respect of accommodation at his permanent station he may, in addition, receive the amount of such commitment, subject to a maximum allowance of 21s. a week in all.

(d) (i) Lodging allowance will be calculated as follows :—

	£	s.	d.
Expenditure on full board and lodging at temporary station			
Less—			
(1) Home saving on the following scale :—			
Salary (excluding bonus)—			
Up to £4 a week : 1s. a night.			
Over £4 a week and up to £350 a year : 1s. 6d. a night.			
Over £350 a year : 2s. a night.			
(2) Expenditure on lunches at permanent station if normally taken away from home ..			

Net extra expense ..

(ii) Certified statements of expenditure will be accepted and vouchers will not generally be required, but they may be called for in particular cases.

(iii) In cases of temporary transfer from the provinces to London where the official continues to draw provincial rates of pay, excess daily travelling expenses actually incurred in getting to and from duty in London may be taken into account in calculating lodging allowance.

Delete paras. 54 and 55 and substitute—

54. Week-end return to home or headquarters.

Week-end visits to headquarters or to home from a temporary duty station will not be regarded as breaking the continuity of the stay in one place, and the nights spent at headquarters or home will be ignored in determining the date from which reductions in rates operate.

55. Temporary duty at second outstation or at headquarters.

(a) When an official in receipt of long-term rates of subsistence allowance is absent from his temporary

14
General
368

station on duty at another temporary station, or at his permanent station, absences of 14 nights or less will not be regarded as breaking continuity and thus warranting recommencement of subsistence allowance at the maximum rate on return to the original place of detached duty.

(b) Periods of absence from the original temporary station will be ignored in determining the dates from which reductions in rates operate. For the nights for which long-term rates are payable at the original temporary station the first five will be paid for at Rate 1, the next 23 at Rate 3.

(c) In the case of married officials who are drawing lodging allowance after the first 28 nights, the actual cost necessarily incurred in retaining rooms during absences may be met within one-third of the maximum rate of lodging allowance for which they are eligible.

(d) Subsistence allowance in respect of detention at a second outstation will be admissible in accordance with normal rules.
